The Home Services Company known in Lowry for 25 years - Simplified Living Home Services

At a time when housecleaning services were usually a luxury service for the wealthy, Annabelle Vigil created Simplified Living Home Services. Over 40 years ago, what started as a small business run out of her home, Simplified Living has become a company of almost 20 employees who serve the Denver metro area, providing custom home services accessible to *everyone*.

Annabelle started the company while raising her four kids. When the kids came home from school, she would put them to work helping her maintain and build her business.

"I grew up in this industry," explains Annabelle's daughter and owner Eviann (Eva) who has managed the family business for the last 15 years. When asked how long they've been in the Lowry community? "Gosh, we started working on this side of town when Lowry was still the Air Force Base. We've had clients here ever since the first houses were built (25 years ago)."

In the beginning, families were the largest portion of their business. Over time, as families grew and matured, their needs changed. As such, these changes helped develop the offerings Simplified Living provides today.

"Our business changed as our clients' needs changed. We expanded. Now, we provide janitorial and commercial services along with office cleaning. We work with everyone from seniors to new moms and we can customize our visits based on *your* budget," Eva explains.

Any service can be truly customized. If you need a move-out clean, or a one-off visit for holiday guests, Simplified Living can help. If you just need a one-time clean to get you

caught up, Simplified Living can help. If you'd like help a couple times a month (or more), Simplified Living can help. If you require a 12-hour deep clean, complete with ironing and errands, guess what? Simplified Living can help.

Simplified Living has been a proud member of the Better Business Bureau since 1983 and, more recently, a partner of *Cleaning for a Reason*, a non-profit organization dedicated to providing free cleaning services for women undergoing cancer treatment.

"We really wanted to give back and get involved in meaningful charity work. Over ten years ago we discovered this organization, and through the years it has proven to be very rewarding for us," explains Eva.

It's February and we're approaching Valentine's Day. There's never a better time than the present to treat someone in your life with the gift of home services. Maybe you know a working mom, or there's a new mom in your life, maybe a single dad?

"We've had calls from mother-in-laws after they visit their son/daughter's home, wanting to buy them a gift certificate!" laughs Eva. Hey, we can all use a little help, right?

Simplified Living provides on-call, weekly, bi-weekly, monthly, you-name-it service. It's always the same crew (unless unforeseen events) at your home (or office) allowing the opportunity to build efficiency with each home visit.

"When you work with us, you're working with our employees, not contractors. Each of our staff goes through an intensive training process before we let them in your home. That's very important to us. We know their strengths, too, so we can match the perfect crew to meet your needs.

Our clients *and* our employees are our priorities. Their work is their livelihood and they take great pride in what they do. It's the difference between just hiring a service and hiring a person."

For a free consultation and to begin building your customized service this year, please contact Eva at 303-288-2505 or visit online at simplifiedlivinghomeservices.com. Look inside for a special offer.
